Sumit Bhamu

Graphic Designer | Full-Stack Developer | Creative Designer
B.Tech – Computer Science & Engineering (Data Analytics), VIT-AP University
Bhamusumit223@gmail.com | +91-9571015740 | LinkedIn | GitHub

Objective

Creative and detail-oriented Graphic Designer and Full-Stack Developer, B.Tech CSE (Data Analytics) student, with experience spanning visual design and web development. Skilled in combining typography, composition, color, and visual hierarchy to create engaging designs, alongside building and deploying full-stack web platforms using React, Next.js, TypeScript, and Node.js. Experienced in designing creatives and leading teams for university-level events, technical workshops, and recruitment campaigns, as well as independently designing, building, and shipping production websites and applications for personal and client projects. Brings a strong understanding of visual communication, creative direction, and end-to-end product execution from design to deployment.

Projects

Falcon | *Next.js, React, TypeScript, Tailwind, Node.js, Express, Prisma, PostgreSQL* Live Demo

- Designed, built, and deployed a full-stack AI-assisted design platform with a canvas editor, template library, AI Studio, and an email designer
- Built a design-to-export pipeline supporting PNG, JPG, PDF, and PowerPoint, with a brand kit, QR code tool, and background-removal AI tools
- Implemented authentication with email OTP verification, password reset, and session management; deployed frontend and backend separately on Vercel with a Neon PostgreSQL database

KernelLab – Lightweight Virtualization Dashboard | *React, Vite, Tailwind CSS, Recharts* Live Demo

- Built an interactive Operating Systems teaching dashboard covering containers, namespaces, cgroups, and containers-vs-VMs architecture as a group project for B.Tech CSE
- Developed a simulated container lifecycle manager (create, start, stop, inspect, remove) with live resource charts and a scored quiz module
- Created a full-screen, 12-slide Presentation Mode with keyboard navigation for classroom walkthroughs; deployed on Vercel with a GitHub Pages mirror

Mohit Gupta Portfolio | *Next.js, React, TypeScript, Tailwind CSS, GSAP, Framer Motion* Live Demo

- Designed and built a cinematic photography/videography portfolio site for a client, featuring masonry galleries, a lightbox, and scroll-driven animations
- Implemented smooth-scroll parallax with Lenis and GSAP ScrollTrigger, and a horizontal showcase section with magnetic button interactions
- Wrote a Google Drive media-sync script to pull and organize the client's own photos and videos into the site automatically

Personal Portfolio (nexus_sumit) | *HTML, CSS, JavaScript* Live Demo

- Designed and built a personal graphic-design portfolio with a cinematic entrance sequence, custom cursor, and filterable work gallery
- Built a separate "Dark Art" gallery page and added keyboard accessibility and reduced-motion support

Experience

Graphic Designer / Creative Team Andhra Pradesh
Team Next Nexus (TNN), VIT-AP University

- Designed event posters, promotional creatives, social media graphics, certificates, and digital campaign assets for university-level events
- Created visual identities and promotional materials for technical workshops, coding competitions, recruitment campaigns, and student activities
- Developed creative concepts by combining typography, imagery, composition, color, and visual hierarchy
- Maintained consistent visual communication across posters, social media platforms, event materials, and promotional content
- Collaborated with technical, content, management, and marketing teams to translate event requirements into engaging visual designs
- Contributed to the planning and execution of multiple university-level events and creative campaigns

Vice President Andhra Pradesh
Team Next Nexus (TNN), VIT-AP University

- Led creative and organizational activities for a student-led technical community
- Coordinated teams across design, technical, content, management, and marketing domains
- Contributed to planning and execution of university-level workshops, hackathons, coding competitions, and recruitment campaigns
- Worked closely with the design team to maintain consistent visual communication across events and promotional campaigns
- Managed creative requirements and coordinated design deliverables for multiple events

Selected Design Work

Event & Promotional Design

- Created promotional visuals for university events, workshops, competitions, and technical campaigns
- Key work included event posters, registration creatives, social media announcements, promotional banners, certificates, and event branding

Social Media Design

- Designed visually consistent social media content for event promotion and student community engagement
- Focus areas included Instagram posts, announcement creatives, campaign graphics, promotional content, stories, and digital banners

Branding & Visual Identity

- Developed visual directions for events and student initiatives using consistent typography, color palettes, layout systems, graphic elements, and promotional templates

Creative Poster Design

- Created experimental and professional poster designs exploring typography, image composition, visual hierarchy, photo manipulation, editorial layouts, and modern graphic styles

Selected Events & Campaigns

- **FinTech Innovate Hackathon** – Event branding, promotional creatives, registration graphics and campaign visuals
- **Java Jumpstart 2.0 – OOPs Edition** – Event poster, promotional content and digital campaign creatives
- **Code Craft 2.0 – Elite Coding Challenge** – Competition branding, promotional graphics and social media creatives
- **PerceptionX – Deepfake Detection Challenge** – Event promotion and visual communication
- **Team Next Nexus Recruitment Campaign** – Recruitment posters, team-specific promotional graphics and digital communication assets

Education

VIT-AP University Andhra Pradesh
Bachelor of Technology (B.Tech) – Computer Science & Engineering (Data Analytics) *Expected Graduation: 2028*

Skills

Graphic Design: Poster Design, Social Media Design, Branding, Visual Identity, Layout Design, Digital Design
Creative Skills: Typography, Color Theory, Visual Hierarchy, Composition, Photo Editing, Image Manipulation, Creative Direction
Content Design: Event Creatives, Promotional Graphics, Social Media Posts, Certificates, Campaign Designs, Presentation Graphics
Design Thinking: Concept Development, Visual Research, Moodboarding, Design Iteration, Brand Consistency
Design Tools: Canva, Adobe Photoshop, Adobe Illustrator, Figma, Adobe Premiere Pro, Adobe After Effects

Languages

English • Hindi

Certifications

- Career Essentials in Data Analysis – LinkedIn Learning & Microsoft
- Learning Data Analytics Part 2: Extending and Applying Core Knowledge – LinkedIn Learning
- AWS Generative AI and AI Agents with Amazon Bedrock – Amazon Web Services (AWS)
- Data Analytics Job Simulation – Deloitte Australia / Forage
- SQL and Relational Databases 101 – IBM

Creative Strengths

Visual Communication • Typography • Creative Thinking • Attention to Detail • Layout Design • Team Collaboration • Creative Direction • Time Management • Problem Solving • Adaptability
